

Drugs in the City

Presented by **Progress Valley & Carol Falkowski of Drug Abuse Dialogues**

WHERE RECOVERY BECOMES REALITY.

Overdose deaths, emergency room visits, and treatment center admissions continue to rise dramatically in the Twin Cities. Join us for this educational workshop as Carol Falkowski presents a current and accurate overview of substance abuse issues, what our communities should know and what they can do about it.

Following Carol's presentation, a panel of local professionals from schools, law enforcement and treatment centers will provide the opportunity for question and answer discussions.

All are welcome to attend and cost is free!

About Progress Valley

Progress Valley, Inc. established in 1972, is a nonprofit organization providing chemical health and mental health treatment services for recovering adults. We provide integrated, comprehensive and gender specific services with an emphasis on personal responsibility and a strong work ethic. The basic philosophy of Progress Valley is that personal responsibility is integral to recovery and the path to establishing a life-long foundation of positive self-esteem and human dignity.
